EDITOR'S COLUMN

WE WISH to thank the University of Redlands for permission to print the history of their great educational facility on the eve of its 75th Anniversary. Also, thanks to the author, Archivist Larry E. Burgess of Redland's A. H. Smiley Library and Sharon L. Harrill of the university's Office of Alumni Relations for her valued assistance in providing both text and photographs for our editor.

We hope you'll be pleasantly surprised the next time you drive by the southwest corner of 8th and D Streets. As this issue goes to press, crews have framed in our new meeting hall—library building and we hope it will be completed and ready for occupancy sometime around the first of the year.

Work also continues on restoring our Heritage House. Such work is of a more painstaking nature and takes longer to complete, so we will probably be continuing to restore it to Victorian elegance long after the back building is completed. Experts have volunteered to help in varying stages of the restoration, and they will insure every improvement will be authentic right down to the smallest detail.

When all construction is completed the landscaping begins. Plants and shrubs of a sweet-smelling nature will abound around the buildings, along with a beautiful rose garden to be planted by the Women's Club of San Bernardino.

We can still use more volunteers. We also can use old furniture, photographs, books about San Bernardino County and/or California. Call either Thelma Press at 383-5114, or Fred Holladay at 882-6603 if YOU can help!
